### **Organization Policy**

We, at 'Dutch Institute of Quality Certifications' are committed to comply with the requirements of ISO 17021, applicable IAF MDs, and other applicable normative documents along with our Accreditation Body's requirements.

We aim to provide audit and certification services so as to provide confidence to all 'interested parties' that our client's management system fulfils the requirements of ISO 13485 (Medical Devices Quality Management System).

At DIQC B.V., by establishing an independent, impartial and competent assessment in all the audit and certification processes, public confidence and trust shall be instilled.

DIQC B.V. thrives to create an organizational environment where our employees could contribute to various aspects of our business processes for continual development.

DIQC B.V. shall strive for continual improvement to meet with customer satisfaction by having a strong feedback system from clients, auditors and certification staff.
